

Baltic International Recruitment Tour Spring 2026

12 Mar 2026 - 15 Mar 2026

Information

The biggest Baltic State specialised public fair for International Education is taking place in three capitals – Vilnius, Riga, Tallinn and Kaunas during September -October this year. Organised in a workshop style, the fair provides a relaxed atmosphere of the Radisson Blu Hotels' conference centres for the representatives of language schools and executive centres, boarding schools and colleges, universities and business schools.

Reasons to Attend

The Baltic International Recruitment Tour is the biggest specialised education abroad event in the Baltic States. The fair features unique educational institutions that represent a wide range of educational and professional programmes: general, intensive and special language courses, basic and secondary education, further education and professional training, diploma programmes, BA/BSc, Masters/MBA, postgraduate and others. Visitors from various target groups including schoolchildren and their parents, young people and students, adults and business people, representatives of private and state companies and organisations, mass media. Each year the fairs receive 2,000 – 5,000 visitors in each country.

Market Overview

More and more students from the Baltic States tend to look for opportunities to gain high quality international education, professional training and experience. Foreign language courses are becoming increasingly popular among people of different ages and occupations. Every year the number of students going abroad to language schools and universities is steadily growing.

The Baltic region has a long tradition of providing high-quality education. For young people, it is a vibrant and international environment with the possibility to make use of the latest developments in different study fields, which makes the region an attractive place for living and studying. According to statistics from a poll by the non-profit organisation Dream Foundation, over 60 per cent of Baltic students would like to study at a foreign university.

Fair Outline

The fairs are free to access by the public, allowing visitors to get acquainted with the student fair's participants; their courses and programmes and to take enrolments. On the other hand, education providers have the opportunity to meet and support their education agents, the Baltic Council and to establish new contacts.

The success of this fair is based on the qualitative service and professionalism of the organizers combined with

a broad promotion campaign providing return of investments for the fair's participants.

During the last several years the Baltic States (Latvia, Estonia and Lithuania) have become more attractive for education providers from all over the world. This is not a casual interest, but a developing tendency proving that the potential and demand for the educational industry abroad in the Baltic region is very high.

The Baltic international recruitment tour has been in place since 2005 with a growing number of participants and a strong presence of institutions presenting their programmes and services. The potential for the development of the education industry abroad is very high in the Baltics and the demand for quality programmes will continue to grow.

Days of International Education Hungary - Spring 2026

21 Mar 2026

Information

Many education providers have already understood the great possibilities of the Hungarian market for successful student recruitment. This is the market where a certain “gap” has been formed in the area of study abroad offers.

The main aims of the fair are to increase the awareness of study abroad opportunities, promotion of the fair’s participants and their programmes & services, and recruit new students. Participants of the fair will represent a variety of study abroad opportunities.

Market Overview

The total number of students in the higher education system was over 380,000 during the 2020/2021 academic year. Hungary has 70 operating higher education institutions. Hungarian institutions of higher education have started the transformation toward the regulations of the Bologna system. In the new system, both colleges and universities may launch bachelor, master, and Ph.D. programs provided that the necessary requirements are fulfilled. This also means that all awarded degrees are equivalent and transferrable throughout the EU and many other countries.

Fair Outline

The importance of the education fair in Hungary for the students, the parents, and the educational decision-makers is given by the fact that it makes them possible to get all the necessary information at the same time, the same place: the students taking an entrance examination in the near future can inquire about the chances and the opportunities to take the entrance exam, while the decision-makers can inquire about the available tenders and the school equipment supply.
